## Promise Polio Vaccine For Arlington Children

### Baker Is Candidate For School Board For One-Year Term

Richard W. Baker, a lifelong resident of Arlington, announced this week his candidacy for the office of School Committeeman for the term of one year.

"Nearly one thousand registered voters in signing his

Dr. Richard W. Baker

nomination papers are pledging their support. The response from every section of the town is one of marked enthusiasm," his supporters state.

A graduate of the Arlington public schools and the Massachusetts College of Optometry in Boston, Baker, residing at 21 Stevens ter., is married and he father of three children (Continued On Page 8)

Salk Polio vaccine is on the way again.

Parental consent forms, qualifying all children from the ages of one to 15, may be obtained at the Board of Health office.

Forms have been distributed to public and parochial school children.

Board of Health officials said that parents not signing may be left out because of priorities.

Prompt return of the forms is imperative, officials said, in that the vaccine supply will be based on the returns.

Notice of dates of inoculation will be published when determined.

The deadline for the return of the forms is Tuesday morning, it was said.

Officials requested parents not to jam phones of the Board or Health or the School Department with calls pertaining to vaccination dates.

### Hurd Opens Quarters

Franklin W. Hurd, candidate for re-election as Selectman, announced today he would formally open a central campaign headquarters at 448 Massachusetts ave., Arlington Center, next Sunday afternoon.

Hurd's headquarters will be located next to the Shattuck Hardware Co., and in the same building that houses the Rapid Beauty Salon.

"I wish to invite all those who are interested in my re-election as Selectman to drop in to the headquarters at their convenience. It will be open every evening and many afternoons," Selectman Hurd declared.

AUXILIARY POLICE RADIO CARS transported Mothers March Precinct captains. Here, Mrs. Katherine Dempster is shown with Kenneth Cameron, captain of auxiliary police after making March collections.

## Mothers' March Sets New Dimes-Drive Mark

More than 700 Arlington women marched from door to door Sunday in their battle against polio and when all the results were tallied, they had collected a record breaking \$10,200 for the March of Dimes. With donations from schools, clubs and many Dimes cards still not turned in, Arlington already has donated \$13,500 to the March of Dimes.

Chairman Robert Mahoney feels sure that the figure will reach \$15,000.

The Town ranked fourth in Middlesex County in the Mothers' March. Cities like Cambridge and Boston have raised more.

## Officials Wary Of 'Res' Break

The imminent spring thaw has Town Officials keeping a wary eye on the Arlington Reservoir.

Leaking and "weeping" has been noted 150 feet west of the spillway at high water levels.

Some authorities feel that the spring thaw will raise the water level so high that there may be a breakthrough.

Public works officials and the Reservoir committee are making a study to determine whether heavy clay will sufficiently reinforce the area or whether they will have to resort to the use of cement.

## Modern Lights To Be Installed On Mass. Ave.

A total of 86 mercury vapor new street lights will be installed on Massachusetts ave. from Forest st. to Franklin st.

Final plans of the Boston Edison company have shown the annual cost will only be \$3,264.80 more than what the Town is now paying for incandescent lights.

The mercury vapor lights are designed for pedestrian safety. They give off a bluish-green color rather than the yellow color of incandescent.

The mercury vapor light raises the flow of light to 15,000 lumens as opposed to the 10,000 lumens of the incandescent street lights.

## Lively Town Election Seen; Fights Loom For Top Spots

A lively local election is being predicted on March 5 by most political savants.

Rugged contests are foreseen for three major offices with three in the battle for one spot for both Selectman and Moderator.

Of particular interest, too, will be the 2-way struggle for the one-year, unexpired term on the School Committee.

### Surprise Entry

In the latter contest Richard Baker, local optometrist, appeared as a surprise contender while Thomas D. Kenna, Jr., switched from the 3-year term race.

In a statement to this paper Baker said that he is surprised to hear that his candidacy came as a "surprise."

"I have been considering running for this office for several years," Baker said.

In the race for the Selectman's post, incumbent Franklin W. Hurd, current chairman of the board, faces strong opposition from Mrs. Margaret H. Spengler. Another surprise candidate is Frederick J. Romley.

The campaign for Moderator has become a three way fight with Lawrence E. Corcoran, John C. Durgin, and John J. Stanton all seeking election. Judge Harold E. Magnusson of course, has decided not to run.

Five residents, including three incumbents, are after three seats on the school committee for three years.

Are pre-walking shoes important?

The harm done by outgrown pre-walkers is very important.

ant. The younger the child the softer the bones. Many children have the beginnings of bunions before they wear any shoes because their feet were bound in the feet-of-outgrown pajamas.

Pre-walking children should wear shoes only when the house is cold enough that he needs mittens on his hands. Parents marvel at the way their babies flex their toes when they take their shoes off but they seldom think of the fact that using those muscles is the only way known to strengthen them. Even good fitting shoes discourage exercise.

We have a tradition that feet should be hurt and not seen. It comes to us from our ancestors whose feet were a sickening sight but have you noticed pictures of the royal family of England? The baby's bare feet hanging out? Hail the Queen! If it ever becomes stylish to wear shoes only when shoes are needed we will all have healthier feet and shoemen will not be faced with the impossible task of making abnormal feet comfortable in normal shoes.

The Junior choir, under the direction of Philip C. Young, minister of music, sang, "Praise the Lord, Ye Heavens Adore Him".

"A Faith that would have Saved a Life" is the title of this Sunday's sermon to be delivered by the Pastor.

**Minister Speaks On Spiritual Health**

"The Spiritual Health of the American Citizen, A Report", was the title of sermon delivered last Sunday at the Universalist church.

The Rev. George J. W. Pennington, pastor, indicated matters of moral and spiritual concern in the daily affairs of Americans. The abuse of the system of free election, conditions which encourage subversion, neglect of applied intelligence and human resources to social problems as contrasted with industrial progress, and the burden of a vast institutionalism were the subjects which were given attention.

The Junior choir, under the direction of Philip C. Young, minister of music, sang, "Praise the Lord, Ye Heavens Adore Him".

"A Faith that would have Saved a Life" is the title of this Sunday's sermon to be delivered by the Pastor.

Given in marriage by her father, the bride wore a gown of tulle over satin with a stand up collar of lace, and long pointed sleeves. Her finger-tip veil of illusion was gathered to a tiara of seed pearls and sequins. She carried a bouquet of white roses, stephanotis and a white orchid.

The maid of honor was Arlene Gunn, formerly of Arlington. Bridesmaids were Helen Zwicker and Deanne Dario, both of Arlington.

They wore light blue crystalline dresses trimmed with darker blue velvet, matching blue velvet hats and silver sandals, and carried red carnations with holly berry.

The best man was Duncan C. Sorli, brother of the groom. Ushers were Robert Lunt of Billerica and Norman Fitzpatrick of Cambridge.

The bride is a graduate of Arlington high school. The groom is currently attending Iowa State College where he is an electrical engineering student.

## Progress

## ELECT Margaret H. Spengler

- \* Reduce Taxes by Developing Arlington's Business Centers.
- \* Reduce Taxes by Attracting Selected Business & Industry.
- \* Level Costs by Long Range School and Fiscal Planning.
- \* Improve and Expand Youth Recreational Facilities.
- \* Strengthen and Improve Town Management Administration.
- \* Open Regular Board of Selectmen Meetings to the Press.

## ARLINGTON CENTER DEVELOPMENT

For the past 20 years, Arlington Center property assessed values have lagged behind the increase in total real estate values. Why? Because few major retail merchants are interested in building new, expensive, and modern stores where the parking and street layout does not encourage shoppers. Our tax rate might be \$6.00 lower if the Center were now built up to assume its proportionate share of the tax burden. What are we waiting for? We have basic plans for the improvement of the Center. Let's get started and develop plans for the Heights and East shopping areas.

The Jewish religious award is called the Ner Tamid. It is a pendant, representing the Eternal Light which hangs in front of the Holy Ark in the Synagogue.

The requirements for the award include a knowledge of the Bible, history, and the religion of the Jewish people as well as the performance of acceptable service projects for the Synagogue.

## OUT OF ITS PROVINCE

The Board of Selectmen has entered two articles in the annual Warrant for raises in two specific jobs.

The Board is acting outside its province in our belief. We are not arguing whether these particular jobs should carry more pay or not, or whether the men holding them deserve more money or not. But under the present setup, this is the province of the Personnel Board. This Board is constituted to handle such matters, to hold hearings, to study wage scales in other communities.

That other boards, such as the Selectmen, Assessors, Health and Parks, come out with their own recommendations, just doesn't make sense. The Personnel Board is a separate entity in the Town Government.

It would be ridiculous for it to recommend the tearing down of the Old Town Hall or the widening of Massachusetts ave. These matters come under the Selectmen.

The official position and voice of the Town of Arlington on matters of pay and classification is the Personnel Board and is not invested in any other board or committee.

If one or several of the Town employees still feel the Personnel Board's denial is unjust, they can easily take their case before the highest tribunal—the Town Meeting. It is easy, because the signatures of only 10 registered voters is required to enter a petition in form of a warrant article.

In fact, this method of appeal has been taken in six other instances in the 1956 Warrant.

Then, if one or more members of a certain board wish to voice their opinion, as individual officials but not as the official voice of the Town, they may have the opportunity to do so.

The boundaries of jurisdiction should be observed and honored.

## LETTERS to the EDITOR

[An Advocate feature in which readers are invited to express their views and opinions. This feature is printed every week to give an indication of the thinking of you, the public.]

## FAVORS HURD

To the Editor:

In last week's Advocate our committee read with great approval W. B. Houser's letter sponsoring Franklin W. Hurd for re-election to the office of Selectman.

In the years that Mr. Hurd has filled this office, he has performed his duties with dignity and integrity. His diligent work should be rewarded by a substantial vote.

We can indeed thank Chairman Hurd for the MTA buses and for his stand against the construction of Route 3 and its inevitable depreciation of property value in Arlington.

The fact that Mr. Hurd sponsors "The Hurdmen," a group of young Arlingtonians interested in hockey, shows his interest in the youth of Arlington. Due to Mr. Hurd's efforts, Arlington has truly gained in many ways.

In conclusion, we can only echo W. B. Houser's sentiments of last week that, for the benefit of Arlington, Franklin W. Hurd should be returned to the office that he has so very aptly filled in the past few years.

Very truly yours,  
A Mitchell Banks  
127 Florence Avenue  
Committee for Improved Town Government

## FAVORS MRS. BOYD

To the Editor:

Arlington's school system has risen in the past few years to a position of great envy. I am sure that a great deal of the credit concerning this rise in the system can be placed upon one of the incumbents to our school committee.

In her years as a member, Mrs. Boyd has performed her duties with great dignity. She has earned the respect of her fellow members and has established a record of "stick-to-it-iveness", that character which commands one to fight for what one believes right!

I hope that the voters of our town will again show their faith in Mrs. Boyd's capabilities by again reelecting her to the School Committee.

Very sincerely yours,  
W. C. Wettergreen

COMMITTEE to study the Manager Act with John O. Parker as chairman will outline its recommendations to the annual Town Meeting in a meeting with the Selectmen next Monday night.

## AMAZED AT HYDRANTS

Dear Sir:

I read with amazement your article on the condition that existed with our fire-hydrants. I also read a very good letter written by a Mr. Robert Porteus which in my opinion should be read by every citizen in the Town. I think anyone reading this last week's Advocate would have to agree with him.

However, most of us depend on the Town papers to keep us closely informed and although your article was a good one I didn't notice any mention of who was responsible for a condition that imperiled the lives and homes of those in the neighborhood of these faulty hydrants.

Surely it is the duty of some town employees to inspect and keep in condition, these hydrants.

I would like to ask the Town Meeting members from this precinct on Lake st., what they did to bring censure to whoever was responsible. Surely someone should be censured, don't you think?

I note that the Personnel Board has approved another raise for Town employees.

I understand that this Board is composed of five members: two town employees and three non-employees and that two of the three non-employees are absent. I hope the Town meeting members make sure those responsible for the fire hydrant situation are not so rewarded.

Respectfully,  
Harold W. Davis  
15 Lakehill Ave.

## Hit Swan Place Snag

The "snag" in the two annual Warrant for the acceptance of Swan place struck a serious snag this week.

Under it, the street would be widened to 40 feet. This would entail widening the railroad track crossing. The B&M railroad proposes that crossing be blocked off and eliminated and that Swan place should bend around in front of the One Stop Cleaners and meet Massachusetts ave. at the lunch cart.

Local officials called the suggestion "entirely impractical."

They say that to go ahead with the Town's plans two hearings must be requested—one before the County Commissioners, the other before the Dept. of Public Utilities.

## 17th Grandchild

Recently Mr. and Mrs. Augustus Mazzocca of 998 Massachusetts ave. became grandparents for the 17th time when

Baroness Kleydorff

a son was born to Baron and Baroness Ludwig v. Kleydorff of Norwalk, Conn.

The Baroness is the former Caroline Mazzocca, the harp playing member of the famous musical family. Owner of the Mazzocca School of Music here, Mr. Mazzocca is a teacher in the music department of the Arlington public schools.

## Annual Meeting Held By St. John's Church

On Monday evening, January 30, at 8 p.m., St. John's Church held its annual meeting in the parish hall, Monday.

John H. Campbell, finance chairman, commended the parish on the results of the Every Member Canvass.

Three memorial windows in the nave of the church were dedicated during the year, as well as the parish memorial chancel window over the altar. This window represents memorials of many who were active in the parish in its earliest days and throughout its 80 years of history.

The officers for the coming year were elected.

They are Donald A. Millard, sr. warden, Herbert L. Dick, jr. warden, Edward A. Richards, treas., Arthur D. Saul, Jr., asst. treas., and Clarence A. Lundquist, clerk.

Vestrymen are Russell T. Hamlet, Malcolm F. Willoughby, William J. Flux, Harry B. Campbell, William R. Purrier, George N. Severance, Lee Strickland, and William E. Thomas.

Auditor Curtice N. Townsend.

Delegates to the Diocesan Convention are Donald A. Millard, Herbert L. Dick, Arthur O. Yeames, and Edward A. Richards, alternate.

Delegates to the Archdiocese of Lowell are Mrs. Harry Campbell, Mrs. Donald A. Millard, and Mrs. Halsey I. Andrews, alternate.

Appreciation was expressed to Arthur W. Sampson, retiring junior warden, and to the three retiring vestrymen, Howard R. Ensor, Hubert F. Marshall, and Albert I. Tate.

## Approve Land Sale

Last week Governor Herter signed the bill authorizing the Town to sell the Park department land off Summer st. to the Archbishop of Boston for the use of a parochial high school by St. Agnes parish under Monsignor O'Gorman.

Following the unanimous vote of approval of the special Town Meeting in January, Representatives Hollis M. Gott and John P. Buckley combined to move the bill swiftly through the General Court to the Governor's desk.

W. J. Peters, 61 Hodge Road

## State To Pay Most Of Car Track Cost

The Commonwealth is going to pick up 60 per cent of the cost of covering the street car tracks along Massachusetts ave., it was announced this week.

The elimination of the tracks is Arlington's only chapter 90 work slated for 1956. Under chapter 90, the Town would pay one quarter, the county, one quarter, and the state, one half.

Massachusetts ave., however, is a Federal highway and thus the Commonwealth will pay \$51,000 of the \$85,000 cost.

Original estimates were about \$96,000 but Town officials pointed out that many items were included in that figure.

The Town and County will pay \$17,000 each for the work. The Selectmen will ask \$20,000 to cover contingencies.

## Town Seeks Land

The Town is seeking 32,990 square feet of MDC land near the Town Yard for use as a parking lot for employees.

When graded and paved, the area would park an estimated 80 cars.

## LOOKING FOR A LIBERAL CHURCH?

Are you looking for common sense in religion? We invite you to worship in the First Parish Unitarian Church, corner Mass. Ave. & Pleasant, open to all who believe in freedom, reason, and tolerance. Service Sunday, Feb. 5, 10:45 A.M.

## That Man About Town

By MAT

The resignation of William J. O'Brien from the School Committee, as announced last week, caused quite a stir for several reasons. He resigned in a letter received by the Town Clerk on Monday which was one week before the closing date for candidates. O'Brien is now working in Washington, D. C., it is understood.

There are three camps as to the timing. One takes it at face value; that O'Brien resigned when he had made up his mind. Another voices the view that McKenna is the heir apparent to the seat and would be able to run without opposition for one-year, unexpired term. This so-called "plan" did not work out with Dick Baker's sudden entry.

The third view attributed to some members of the School Committee is that O'Brien should have resigned after the deadline. The Committee could then have elected a person of its own choice.

Take your pick!

Unannounced in the Advocate was the resignation, on the same day, of twin brother John O'Brien as Town Meeting member in Prec. 3. Why, boss, or didn't you know?

The race for Selectman was shaping up well and sharp between incumbent Hurd and first-time lady contender Spengler, then Romney got in.

## An-ADVOCATE Feature . . . TOWN MANAGEMENT FORUM

Last week's discussion of street and parking development seems to be so fundamentally important that we are impelled to reiterate our cry for action to implement the first phases of the Joint Planning Committee's report. These first steps require the extension of Pleasant Street across Massachusetts Ave. in approximately a continuation of its present line, and the creation of a traffic circle at the corner of Mystic & Chestnut Streets. In order to accomplish this it is necessary to use part of the Russell Common land for the traffic circle.

Simultaneously, the plan calls for the widening of Court st. and extension and widening of Winslow Street which would become the continuation of Chestnut Street. The balance of Russell Common is contemplated to be made available for off-street parking, which would make it more attractive for shoppers doing business in the heart of the downtown area.

We made a point of the advantageous effect of access street and parking area improvement on the tax rate. Other towns in Greater Boston have had to face the same type of problem and in many cases have entered into substantial improvement plans which have accreted to the benefit of the whole town.

In one town the merchants were dissatisfied with their gross sales and contemplated

to the picture! Why do vehement critics, who have value as such, feel they must hold the office themselves to correct the situation? We've never met an official yet who, after a few years in office, does not feel his board is doing a pretty fine job. And there goes your critic!

Incidentally, never sell any member of the fighting Hurd's short.

And now we have another complicated battle—for Moderator. The entry of John C. Durgin came as a surprise to all but the very insiders. Thus, the identity of his supporters has not been seen in print. Watch closely.

The other two in the Moderator race—Lawrence Corcoran and John Stanton—already have gathered their campaign captains and strategists.

Not to be outdone by the boss and his 200 "crisp" dollar bill prizes, MAT is seriously considering awarding a \$25. prize to the one who comes closest in picking the Moderator contest by using percentages. For example: Candidate One 38%; Candidate Two, 32%; Candidate Three 30%. Like to try it—for \$25? O.K., you're on!

In the meantime we will try to keep a form sheet going—but it's a toughie.

## MOTHERS' MARCH (Continued from Page 1)

Mrs. Marion McKeever and Mrs. Marguerite Dormitzer, co-chairmen of the March for the fifth straight year were bridge and Lowell trailed Arlington. They expressed thanks to everyone concerned for the successful campaign.

Precinct 9, under Mrs. Effie Kirkpatrick and Precinct 14 under Mrs. Caroline Corcoran led the Town, with more than \$1,100 each.

## TOWN ELECTION (Continued from Page 1)

M. Norcross Stratton is seeking his eleventh term on the board. Other incumbents are Mary K. Boyd, and John P. Morine.

Challenging them are Berg Keshian and Mary Pirelli. In only two elections are the incumbents unopposed. Myron D. Chace seeks re-election to the Housing Authority and Walter S. Coolidge, Jr. has no opposition in his attempt to keep his assessor's position.

## DOCTOR BAKER (Continued from Page 1)

who are now attending the Brackett and Junior High West schools. As a professional man he has been engaged in the practice of optometry in Arlington for the past eighteen years during which time he has maintained active membership in the Boston Society of Optometrists and the Massachusetts Society of Optometrists becoming the president of both organizations.

A past-president of the Arlington Rotary club, a member of the By-Laws Committee of the Brackett P.T.A., a past secretary of the Community club of Arlington, Baker continues to be active in the local service and fraternal organizations each of which supports and promotes the cause of child welfare.

During his early years Baker enjoyed the respect of his classmates which resulted in his being a class officer each year of his high school attendance. And through his personal efforts as general chairman was held last year the twenty-fifth reunion of the Arlington High School graduating class of 1930.

"As a taxpayer for the past fifteen years, I appreciate the meaning of economy and a judicious expenditure of tax money. I am keenly aware of the value to our school children of a well-integrated school system having both adequate facilities and competent personnel," Baker said.

Just think what it could mean to Arlington if there were blocks of stores that could afford a 40% increase in assessed valuation. It can only be done if they have more customers spending more money. The potential customers, who are owners or renters of homes will spend more money in Arlington stores only if it is more convenient for them to do so than to go elsewhere, and if their own expense, part of which are taxes, leave them more spendable money.

The program which results in a healthier economic condition for store owner, customer, and the town doesn't just happen. It requires planning. Then it requires action to implement the plans.

Miss Betty Ray, 19 Wildwood ave., chairman for the forthcoming Multiple Sclerosis Fund Drive, has announced that multiple sclerosis will be featured next Monday, Feb. 6, on "Medic" at 9 p.m. over Channel 4.

The fund drive will begin on Feb. 10.

## On My Oath . . . by Frank Caldwell

Harry Brown was a good friend of mine. That's why it hurt so much to stand on the sidewalk and see four husky attendants carry him down the front stairs in a straight jacket and then take him in the wagon to the booby hatch. My heart seemed . . . well, let me tell you the reason Harry went nuts.

It was Harry's son and daughter, both high-school age who started the breakdown. It was their lingo, the way they talked, that brought the fearsome body trembling and caused those strange lights to appear in his eyes.

When he heard them say such things as "Cut the coo, Man that's the 'mostest, Hi man what's the spook, Brain me man, I'm whiffled," Harry would become dizzy, and before he lost his equilibrium, he would lower himself gently in his easy chair, spread out his legs, and concentrate on the best way to keep breathing.

He thought it over seriously and the answer came. He would take them to Professor Hughes.

Bertram Hughes had been English professor at a leading Eastern College, but he had tutored so many students privately that finally he gave up his college work and devoted all his time to backward and lazy pupils who needed his assistance to pass examinations.

He was a dapper man, always dressed immaculately, and his speech was the purest English. It was a pleasure to listen to him talk.

So Harry took his son and daughter to the professor. He explained why he brought them, told him how their words and phrases were driving him mad, and wanted them coached thoroughly in the proper and civilized use of the English language.

## PARK AVENUE NOTES

Speakers at the morning workshops and the Church School devotional hour next Sunday will be the Rev. Dr. Peter Shih and family.

The Social Action Committee is responsible for this emphasis on brotherhood and race relations.

Dr. Shih is the pastor of the Chinese Christian church of New England.

The Boy Scouts plan to attend the eleven o'clock service in a body.

Phyllis Joy, 24 Intervale Road

The professor understood, terms were arranged. They were to take two hours instruction each day, after school hours. Harry was going on a month's trip for his firm, and at the end of the month he would come for a report, and make a further payment.

Harry's face beamed as he drove home. For the first time in months, he was at peace with the world, life was better, a difficult problem had been solved and all would be well. That night he left on his trip.

The month passed quickly, and when he arrived home, Harry couldn't wait to change his clothes, shave, and drive to the professor's home. His face beamed as he pressed the bell. It was the professor himself who answered. Harry started "Well professor, how are my kids coming along?"

The professor opened his eyes wide. "Well, Brownie, man, you wanna know the skinny? Come in and I'll clue you. Your kids are hot spooks and real cool, man. They're in the other room now sweating the case. Listen, dig that crazy platter batter. That's jive man, real gone. Whoops!" Give up?
